

A Message To Our Customers Regarding COVID-19

Our top priority is the health and safety of our customers, and like you, we're closely monitoring developments around COVID-19 (Coronavirus).

Marenakos is open, and our employees are ready to assist you or to help you with your order.

Should you have any questions about current or future orders, please call us and speak to a sales associate — they're standing by to help.

Based on guidance from the Centers for Disease Control and Prevention (CDC), we're increasing the frequency of cleaning and general hygiene maintenance in our store and other locations. We're also stepping up our efforts to disinfect high-traffic and high-touch areas like door handles and bathrooms, as well as posting signage about handwashing and other preventative actions.

If customers have service scheduled and want to postpone to a later date, we'll be happy to reschedule. We've advised our delivery team and our associates to follow everyday preventive actions including washing hands often, disinfecting frequently touched objects, and carrying hand sanitizer.

We will continue to stay close to recommendations made by the Centers for Disease Control and adjust store hours of operation accordingly. As this situation unfolds, we will make regular updates to our website outlining possible impacts to our store.
